Authorization: Order No. 8195 in PSC Docket No. 12-276T dated August 7, 2012

RULES AND REGULATIONS

SECTION I - GENERAL

1.1 FILING AND POSTING

A copy of this Tariff, which is the rates, rules and regulations under which gas service will be supplied by Chesapeake Utilities Corporation to its Customers, is on file with the Public Service Commission of Delaware, and is posted and open for inspection at the offices of the Company. The Tariff is supplementary to any Regulations of that Commission.

1.2 REVISIONS

This Tariff may be revised, amended, supplemented and otherwise changed from time to time in accordance with the Public Service Commission Law of Delaware, and such changes, when effective, shall have the same force and effect as the present Tariff.

1.3 APPLICATION OF TARIFF

The Tariff provisions apply to any party or parties receiving gas service from the Company, or to its successors and assigns, under the rates set forth therein, and the receipt of gas shall constitute the receiver a Customer of the Company as the term is used herein.

1.4 RULES AND REGULATIONS

The Rules and Regulations, filed as a part of this Tariff, are a part of every contract or agreement for service, whether written, oral or implied, made by the Company and govern all classes of service where applicable. Subject to the approval of the Commission, the Company shall have the right to interpret and determine the applicability of such rules and regulations.

1.5 STATEMENT OF AGENTS

No agent or employee of the Company has authority to make any promise, agreement or representation inconsistent with the provisions of this Tariff.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION II - CURTAILMENT

2.1 GENERAL

In the event that the Company determines that there is insufficient gas supply to meet the demands of Customers on its distribution system, the Company may, at its sole discretion, curtail service to Customers. Curtailments will be made to maintain supply to its firm sales customers in the priorities set forth below. When curtailment is necessary, sufficient gas will be available to maintain a temperature which will keep the building pipes from freezing and other plant protection use, if possible. Prior to, or in conjunction with curtailment the Company may call for voluntary usage reductions on the part of all customers.

2.2 DEFINITIONS

Essential Human Needs: Includes residences, apartments, hotels, motels, dormitories, hospitals, nursing homes, police and other institutions essential to the public welfare.

Plant protection use: Minimum volumes of natural gas required to prevent physical harm to the plant facilities' processes or danger to plant personnel when such protection cannot be afforded through the use of an alternative fuel. Plant protection requirements include volumes necessary for the protection of such material in process as would otherwise be destroyed, but does not include deliveries required to maintain production.

2.3 CURTAILMENT PRIORITIES

Curtailment to the extent necessary as determined by the Company, up to and including complete curtailment shall be done in accordance with the following list of priorities, starting with the lowest priority, priority 6.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION II
(Continued)**

2.3 CURTAILMENT PRIORITIES (continued)

Priority 1: Essential humans needs customers.

Priority 2: All other customers other than priority 1 customers will be curtailed to the extent necessary as determined by the Company.

Priority 3: Firm commercial and industrial customers using above 4,000 Ccf per year.

Priority 4: Firm commercial and industrial customers using above 15,000 Ccf per year.

Priority 5: Firm commercial and industrial customers using above 100,000 Ccf per year.

Priority 6: All interruptible transportation and IBE customers.

2.4 CURTAILMENT OF CUSTOMER-OWNED GAS

If adequate supply to priority essential human needs customers is threatened in the Company's judgment, Customer-owned transportation gas may be curtailed in addition to system supply and in the same order of priorities. In the event that Customer-owned gas is diverted for use by higher priority customers, the Company will reimburse the Customer by paying the cost of the Customers alternative fuel or, if the Customer has no alternative fuel, reimbursement will be at a price equivalent to No. 2 fuel oil. In lieu of this provision, the Company may enter into contractual or informal arrangements with transportation Customers or any other parties to obtain supplies to avoid curtailments.

2.5 LIABILITY

The Company shall not be liable for any damages, loss of product, or other business losses suffered by Customers as a result of curtailed gas service, other than the compensation provided in paragraph 2.4 above. The Company shall not be liable for curtailment as a result of any action by any governmental agency with jurisdiction to regulate, allocate, or control gas supplies or the rendition of service, and regardless of any defect in such law, regulation, or order.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION II
(Continued)**

2.6 ADDITIONAL LOADS

In the event that additional gas supply becomes limited for any reason, the Company reserves the right to defer supplying gas for new loads in such manner as to cause the least hardship to present or prospective customers, taking into consideration the volume of natural gas available and the capacities of local mains and facilities. In each of the listed classes, present customers will be allowed to increase loads before new customers will be allowed to begin service.

During any period when gas supply is expected to be limited the Company will maintain a Register of New Loads applied for, but not already being served by the Company, in order to assist the Company in forecasting peak demands for its service, and to afford a basis of priority in supplying additional loads to existing as well as to new or prospective customers.

During any period of restricted gas supply the Company will not supply gas for any equipment unless application for such load was registered with the Company prior to the connection of such equipment, and approval thereof was given by the Company.

The priority in which additional loads will be accepted is:

	<u>DESCRIPTION</u>	<u>TYPE</u>
(1)	Non-space heating load Peak day less than 1,000 cu. ft.	Residential
(2)	Non-space heating load Peak day less than 1,000 cu. ft.	Commercial Industrial
(3)	Space heating load Peak day less than 2,000 cu. ft.	Residential Commercial Industrial
(4)	Dwelling Units - Home or Apartments Individually Billed Not to exceed 25 units at one location.	Residential

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION II
(Continued)**

2.6 ADDITIONAL LOADS (continued)

	<u>DESCRIPTION</u>	<u>TYPE</u>
(5)	Dwelling Units - Home or Apartments Master Metered Not to exceed 25 units at one location	Commercial
(6)	Non-space heating load Peak day not to exceed 10,000 cu ft	Commercial Industrial
(7)	Space Heating Load Peak day less than 10,000 cu. ft.	Commercial Industrial
(8)	Same as (4) above except in increments of 26 to 100 units at one location.	
(9)	Same as (5) above except in increments of 26 to 100 units at one location.	
(10)	Same as (4) above except in increments of over 100 units at one location.	
(11)	Same as (5) above except in increments of over 100 units at one location.	
(12)	All other commercial and industrial loads.	

Company reserves the right to establish priority of loads in accordance with volume within each category above.

Company reserves the right to allocate gas to various priority categories listed above based on estimated gas sales and gas supply and to make adjustments as actual figures vary from the estimate.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION II
(Continued)**

2.6 ADDITIONAL LOADS (continued)

When anticipated gas supplies are not sufficient to service all new loads applied for in one of the above categories, priority will be given in the order in which application was registered with the Company, provided the new load is connected within a reasonable time after notice from the Company that it may be served.

When the evidence available to the Company reasonably indicates that a customer has connected additional load without registering same or in violation of the Company's notice that it may not be connected, the Company will discontinue all service to such customer, upon ten days written notice, until such additional load has been disconnected.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION III - APPLICATION FOR SERVICE

3.1 APPLICATION

Application for gas service may be made through the local office of the Company or authorized agent, by:

- A. Verbal or telephonic request to a business office of the Company, or
- B. Electronic request to the Company's web site (www.chpkgas.com), or
- C. if required by the Company, by submission to the Company a completed Gas Delivery Service Application (certain Applicants may be required to execute a Transportation Service Agreement).

The Company reserves the right to require the applicant before any gas is delivered, to execute an application at the local office with proper identification. The application does not constitute a commitment by the Company to serve the applicant.

3.2 RIGHT TO REJECT

The Company may place limitations on the amount or character of service it will supply, or may reject applications for any of the following reasons:

- (a) Until the Customer has complied with the state and municipal regulations governing gas service.
- (b) If the Company does not have adequate facilities to render the service desired.
- (c) If such service is of a character that it is likely to unfavorably affect service to other Customers.
- (d) If, in the judgment of the Company, the applicant's installation of piping or gas equipment is hazardous, or of such a character that satisfactory and safe service cannot be rendered.
- (e) If an extension of street main, except as set forth under Section 6 - Extensions, is required to furnish such service.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION III
(Continued)**

3.2 RIGHT TO REJECT (Continued)

- (f) When it is necessary to conserve the supply of gas (See Section II-2.3 Curtailment Priorities and 2.6 Additional Loads.)
- (g) Customer's failure to provide a deposit to insure payment of bills, where requested by the Company under the provisions of Section 13.2.
- (h) Customer's failure to make such payment as may be required under Section 6 as a condition of extension of supply facilities.
- (i) Customer's failure to pay the Connection Charge, Reconnection Charge or Seasonal Customer Charge.
- (i) Service at new location will be rendered only when all bills for gas service to the Customer at any other locations have been paid.
- (j) Non-compliance with provisions of this tariff.

3.3 ACCEPTANCE

Acceptance of gas service by the Customer shall constitute an agreement to accept service under these Rules, Regulations and Rates as amended from time to time, the Orders or Rules of the Public Service Commission of Delaware, the Laws of the State of Delaware and the Laws of the United States of America.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION III (Continued)

3.4 CUSTOMER TO SPECIFY TIME WHEN SERVICE IS CONNECTED

A Customer shall give two (2) business days notice to the Company for gas service to be connected during normal business hours, under normal operating conditions. As a safety precaution, the Customer, or an adult representative of the Customer, shall be present at the premises for gas service to be connected. If, due to unforeseen or emergency circumstances, the Company is not able to meet the two (2) business day connection schedule, the Customer shall be informed, and a new arrangement made. The Connection Charge provided on Sheet No. 46 (Miscellaneous Customer Charges) shall apply to all gas service connections. If necessary for the Customer's convenience, and if he so directs, that the connection be made after normal working hours, the After Hours Connection Charge provided on Sheet No. 46 (Miscellaneous Customer Charges) shall apply.

3.5 POINT OF DELIVERY

- (a) The point of delivery of gas to a Customer shall be at the outlet side of the meter connection at which point title to the gas shall pass to the Customer. The use of Service on two or more separate meters will not be combined for billing purposes.
- (b) (Exception) Combined billings for registrations of multiple meters installed on a customer's premises is permitted only where such multiple meters are installed for the convenience of the Company.

3.6 CHARACTER OF GAS

The gas to be served will be natural gas with a specific gravity of approximately .60, a minimum value per cubic foot of 1,000 BTU, and that is in conformance with the quality specifications of transporters delivering such gas to the Company's Delivery Points, or such other gas as may be approved by the Public Service Commission. The Company shall have the right to supply stand-by or peak shaving gas of similar characteristics when necessary.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION IV – CUSTOMER’S INSTALLATIONS

4.1 INFORMATION FROM CUSTOMER

Anyone desiring to equip his premises for the use of gas shall communicate with the Company personally, or through his contractor or other authorized agent, giving the exact location of the premises and details of all gas consuming equipment to be installed.

4.2 POINT OF CONNECTION

The Company will designate the point where the Applicant would, if served, be required to terminate his piping for connection to the lines of the Company. The furnishing of such information does not constitute an agreement, or obligation, on the part of the Company to render service.

4.3 METER SPACE

The Applicant shall provide, free of expense to the Company, a space satisfactory to the Company for meters, regulators or other equipment of the Company which is necessary for the rendering of adequate and safe service. The Company reserves the right to establish the standard as to the location of such space in accordance with pressure conditions, volumes, and other pertinent factors.

4.4 METER LOCATION

The Company shall have the right to determine the location of its meters, which must be placed where they will be easily accessible, and the Customer or Owner of the building shall provide at all times, maintain free of expense to this Company, proper space for this Company’s meters. Likewise, the Customer is warned not to permit materials of any character to be piled up or heaped around the meter location. The Customer shall reimburse this Company for the loss of, or any damage to its meters and meter connections, or other property of the Company while located on the Customer’s premises, arising out of or caused by Customer’s negligence, carelessness; or that of his servants, agents, employees, members of his household, or any person upon his premises under or by authority of his consent or sufferance.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION IV
(Continued)**

4.5 METER CONNECTIONS

This Company will own, furnish, and maintain the meter, regulator, meter connection, electronics, remote reading device, if any, and all other appurtenant equipment required to measure the gas supplied to the Customer, and will supply gas only through a meter furnished and owned by the Company. This Company must be notified when the Customer desires to have the meter installed, changed or removed.

4.6 TEMPORARY SERVICE

The Customer shall pay the cost for all material, labor and all other necessary expense incurred by the Company in supplying gas service to the Customer for any temporary purpose or use, and shall pay the cost of removing material after service is discontinued, in addition to the regular payments for gas used. The Company will credit the Customer with the reasonable salvage value of any material recovered.

4.7 SERVICE LINES

The Company will own and maintain at its expense, the service line to the point of connection designated by the Company. (See 6.1 Service Connections).

4.8 HOUSE PIPING

Prior to the installation of house piping by the Customer in new or altered premises, inquiry should be made of the Company to determine the requirements, sizes of pipe, quality and other specifications.

Customer's installation shall be installed at the Customer's expense and shall be maintained by Customer in compliance with applicable codes.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION IV
(Continued)**

4.9 INTERFERENCE WITH COMPANY FACILITIES

The Customer shall not open, tamper or interfere with, in any manner, the service line, regulators, or safety appliances installed in connection with service provided to the Customer. The Company's main, service line, service cock, curb box and meter shall not be tampered or interfered with at any time. In the event of the Company's meters or other property being tampered or interfered with, the Customer being supplied through such equipment shall pay the amount which may be reasonably estimated to be due for service used but not registered on the Company's meter, and for any repairs, replacements or changes in facilities required, as well as for costs of inspections, investigations and protective installations.

4.10 RESPONSIBILITY OF CUSTOMER

This Company's ownership and responsibility terminates at the meter outlet. Customer is warned of the risk of damage to property and the possibility of fire or personal injury resulting from improper house piping and manner of attachment or use and maintenance of gas appliances, fixtures, and apparatus, and is advised to permit no one except experienced and capable pipe fitters to install or to make any changes, alterations, additions or repairs to any part of Customer's installation. This Company will not be liable for any injury or damage or loss of gas caused by reason of defects in any portion whereof.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION V - TESTING AND INSPECTION OF CUSTOMER'S PIPING

5.1 REQUIREMENT

Prior to providing gas service, the Customer's facilities and appliances must be in accordance with the National and Local Code requirements.

5.2 COMPANY'S RIGHT TO INSPECT

The Company shall have the right, but shall not be obliged, to inspect any installation before gas is introduced or at any later time, and reserves the right to reject any piping or appliances not in accordance with the Company's standard requirements, or with any national and local code requirements; but such inspection, or failure to inspect, or to reject, shall not render the Company liable or responsible for any loss or damage, resulting from defects in the Customer's installation, piping or appliances, or from violation of company rules, or from accidents which may occur upon the premises of the Customer.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION VI – SERVICE INSTALLATIONS AND MAIN EXTENSIONS

6.1 SERVICE INSTALLATIONS

The Company will install the service line from its existing distribution main to the Customer's meter location at its expense. However, if the service line exceeds seventy-five (75) feet in length, the Company's initial investment in the entire service installation shall be limited to six (6) times the related estimated annual base tariff revenue excluding all fuel costs ("net revenue") from the Customer. The amount of the investment that exceeds the six (6) times net revenue test for the service installation shall be paid by the Customer in accordance with the terms of Section 6.3.

Service Installations, as used in this section for purposes of the six (6) times net revenue test, refers to the costs associated with the service line piping, meter installation and associated materials from the tap on the Company's gas distribution main system up to and including the Customer's meter.

6.2 MAIN EXTENSIONS

Main extensions to the Company's gas system shall be provided, owned and maintained under the terms and conditions stated herein. Main extensions, as used in this section for purposes of the economic evaluation criteria, refers to the cost of gas distribution mains and associated materials that must be constructed along public streets, roads and highways, or on private property from the Company's existing gas distribution main system to the initiation of the service line. The Company will make extensions to existing mains of one hundred (100) feet per Customer without charge. Main extensions beyond one hundred (100) feet per Customer from existing mains are limited to the extent of new investment warranted by the anticipated revenues as stated in this Section VI.

New Residential Development - Main Extensions Less Than 500 Feet

If a main extension to serve a new residential development is less than 500 feet in length, the Company will construct the facilities at no charge if the Company's estimated investment in both the main extension and service installation is equal to, or less than six (6) times the annual base tariff revenue, excluding all fuel costs ("net revenue") from Customers to be initially served from the main extension during the first year of the development. If the estimated investment exceeds the six (6) times net revenue test, the Customer(s) shall provide a financial guarantee in accordance with the terms of Section 6.3.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION VI – SERVICE INSTALLATIONS AND MAIN EXTENSIONS
(Continued)**

6.2 MAIN EXTENSIONS (Continued)

New Residential Development - Main Extensions Over 500 Feet

If a main extension to serve a new residential development is greater than 500 feet in length, the economic evaluation criteria for installing natural gas service to the new residential development will be based on an Internal Rate of Return Model (“IRRM”) with certain predetermined conditions and guidelines. The applicable procedures and guidelines in the implementation of the IRRM are on file with and have been approved by the Delaware Public Service Commission. The procedure used to determine whether a financial guarantee will be required from a Customer(s) is part of the IRRM methodology on file with the Commission.

Existing Residential Developments

If the estimated investment in the facilities necessary to provide gas service to existing residential developments exceeds six (6) times the related annual net revenue from the respective Customer(s), the Customer(s) shall provide a financial guarantee in accordance with the terms of Section 6.3.

For purposes of existing residential developments, the number of customers to be used in the evaluation criteria will be based on the actual number of customers intending to convert to natural gas service within ninety (90) days and who have signed an application for natural gas service with the Company.

Commercial and Industrial Main Extensions

The economic evaluation criteria for installing natural gas service to commercial and industrial customers, including transportation and non-firm customers, will be the six (6) times net revenue test based on the commercial and industrial customers’ estimated level of annual non-fuel revenue. The estimated annual non-fuel revenue is defined as the estimated annual base tariff revenue or delivery service revenue excluding all fuel related costs for the respective customer. If the estimated investment in the facilities necessary to provide gas service exceeds six (6) times the related annual non-fuel revenue from the respective Customer(s), the Customer(s) shall provide a financial guarantee in accordance with the terms of Section 6.3.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION VI – SERVICE INSTALLATIONS AND MAIN EXTENSIONS
(Continued)**

6.3 FINANCIAL GUARANTEES

Financial Guarantees may be made by a Contribution in Aid of Construction (“CIAC”), a Customer Advance, a Letter of Credit, or other financial guarantee at the Company’s discretion.

Should the Customer provide a Customer Advance, the Company will provide, in a written agreement with the Customer, for refunds (without interest) of all, or part, of the monies advanced by the Customer in connection with the extension and the applicable economic evaluation criteria. Refunds to the Customer shall extend over a term of years, not to exceed six years, upon such basis or conditions as may be mutually agreeable to the Company and the Customer, and specified in the written agreement. In no case shall the total refund be greater than the Customer’s deposit. Any portion of the deposit remaining after the expiration of the term as specified in the written agreement shall be retained by the Company and credited as a Contribution In Aid of Construction.

Should the Customer provide a Letter of Credit or other financial guarantee, the estimated revenue attributable to the extension shall be examined prior to the expiration of the Letter of Credit or other financial guarantee. The Company may either draw on the Letter of Credit or other financial guarantee or require that it be renewed, where a continued financial guarantee is still required.

6.4 EXPERIMENTAL AREA EXTENSION PROGRAM

For residential facilities that are to be extended to one discrete geographic area and require a CIAC, the Company may establish an Area Extension Program (“AEP”) on an experimental basis to recover these costs plus interest at a rate equal to the Company’s cost of capital. The AEP amount will be billed to customers served by the extension providing that the CIAC can reasonably be expected to be collected over an amortization period not to exceed ten years.

The AEP, which shall be stated on a per Ccf basis, shall apply with respect to all natural gas sold or transported to Company customers located within the applicable discrete geographic area during the amortization period.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION VI – SERVICE INSTALLATIONS AND MAIN EXTENSIONS
(Continued)**

6.4 EXPERIMENTAL AREA EXTENSION PROGRAM (Continued)

The AEP rate will be calculated by dividing (1) the amount of additional revenue required in excess of the Company's applicable tariff rates, including any taxes calculated on gross revenue, by (2) the volume of gas reasonably forecast to be sold or transported to customers within the applicable discrete geographic area during the amortization period. The additional revenue required is the amount determined necessary to recover the excess cost of the facilities, including the Company's allowed cost of capital as determined in accordance with the Company's internal rate of return model on file with the Public Service Commission.

AEP amounts collected shall be used specifically to amortize the cost of the project facilities within the applicable discrete geographic area requiring a CIAC. If the AEP collected is sufficient before the expiration of the amortization period to fully amortize the excess costs, including the provision for the accumulated cost of capital, the AEP for said discrete geographic area shall terminate immediately, and the Company shall promptly credit the affected customers for amounts over collected, if any. The Company will absorb any under recovery in existence at the end of the amortization period.

The Company shall have the right to reassess the amount of revenue available to recover the unamortized excess cost of the facilities on an ongoing basis and recalculate the AEP rate as needed, provided however, to the extent that any change in the AEP rate is required, the Company shall only have the right to change the rate once during the amortization period, subject to the maximum rate limitations set forth above.

The initial AEP rate computation and any further change to the established rate will be submitted to the Public Service Commission for review and approval prior to the effective date of the surcharge. The AEP rate will then appear on Rate Schedule "AEP" in the Company's tariff. The Experimental Area Extension Program will be evaluated by the Commission at the expiration of 18 months after the filing of the one trial AEP application.

6.5 RIGHT TO DETERMINATION

In each and every situation where the Company and the prospective Customer cannot agree as to the necessity for a financial guarantee to be borne by the prospective Customer, the prospective Customer will be advised by the Company of the right to have the matter determined by the Public Service Commission under 26 Del Code, Section 203.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION VI – SERVICE INSTALLATIONS AND MAIN EXTENSIONS
(Continued)**

6.6 OWNERSHIP AND MAINTENANCE

The Company shall own, maintain and renew all its equipment, between the main and the outlet side of the meter connection.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION VII - RIGHTS-OF-WAY/OR EASEMENTS

7.1 RIGHTS-OF-WAY AND/OR EASEMENTS

The applicant or applicants requesting service shall furnish, without expense to the Company, and to the Company's satisfaction, rights-of-way and/or easements necessary for the supply of service or shall agree to reimburse the Company for expense incurred in the procurement of the necessary rights-of-way and/or easements. The Company shall first exercise reasonable efforts to procure any necessary rights-of-way and/or easements from the land owner for nominal consideration or without charge to the Company and the applicant or applicants requesting service.

7.2 TERM AND RENTALS

When, to serve a Customer, it is necessary to extend the Company's facilities over the property of another, the Customer shall accept service for such term as is provided in the permit or agreement covering the location and maintenance of such facilities on the land or property of others. The Customer may be required to reimburse the Company for any and all special, or rental, charges that may be made for such rights by said permit or agreement.

7.3 GRADING

Rights-of-way, easements and service routes must be cleared and graded to within 6 inches of final grade by the applicant including certification by the applicant that such grade has been achieved before the utility will commence construction. Such clearing and grading must be maintained by the applicant during construction by the utility.

7.4 CHANGE IN GRADE

If subsequent to any agreement to construct by the Company, the clearance or grade is changed in such a manner as to require relocation of pipelines or other facilities, the cost of such relocation shall be borne by the applicant, or his executor, administrator, heir or successor.

7.5 DELAYS

Application for service from an extension to be constructed where a right-of-way and/or easement is not owned by the Company, will only be accepted subject to delays incident to obtaining a satisfactory right-of-way and/or easement.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION VIII - COMPANY EQUIPMENT ON CUSTOMER'S PREMISES

8.1 MAINTENANCE

The Company shall keep in repair and maintain its own property installed on the premises of the Customer.

8.2 RESPONSIBILITY OF CUSTOMER

The Customer shall not cause damage to the equipment of the Company on his premises, and shall not permit any person, except a Company employee having proper Company identification, to break any seals upon, or do any work on any meter, service pipe or other equipment of the Company located on the Customer's premises.

8.3 TAMPERING

In the event of the Company's meters or other property being tampered or interfered with, the Customer being supplied through such equipment shall pay the amount which may be reasonably estimated to be due for service used but not registered on the Company's meter, and for any repairs, replacements or changes in facilities required, as well as for costs of inspections, investigations and protective installations.

8.4 ACCESS TO PREMISES

The Company, or its authorized agents, shall have access at all reasonable times to the property or premises in or on which gas is used to determine if the gas is being carried, distributed and burned in a proper and safe manner and in accordance with these Rules and Regulations, or to read, inspect and test the meter or house lines and other appliances, equipment or facilities. Refusal on the part of the Customer to allow access to his premises shall constitute sufficient cause for turning off the gas supply to such premises. (See Section 14.1).

8.5 RELOCATION OR ALTERATION OF COMPANY-OWNED FACILITIES

Any relocation or alteration of Company-owned facilities to furnish gas service to Customers for the convenience and benefit of the Company shall be paid for by the Company; however, any such changes occasioned or necessitated by any action of Customer, or owner of the property if Customer is a lessee, may be made only after prior approval of the Company, and shall be at the expense of the Customer or owner.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION IX - SERVICE CONTINUITY

9.1 REGULARITY OF SUPPLY

The Company will use reasonable diligence to provide a continuous, regular and uninterrupted supply of gas service; but does not and cannot guarantee a constant supply and should the supply be interrupted by the Company for the reasons set forth in Section II, entitled "Curtailment" or for the purpose of making repairs, changes, or improvements, in any part of its system for the general good of the service or the safety of the public, or should the supply of service be interrupted, or fail, by reason of accident, strike, legal process, State or Municipal interference, lack of sufficient gas supply, mechanical failure, or any cause whatsoever, beyond its control, the Company shall not be liable for damages, direct or consequential, resulting from such interruption or failure.

9.2 NOTICE OF TROUBLE

The Customer shall notify the Company, immediately, should the service be unsatisfactory for any reason, or should there be any defects, leaks, trouble, or accident, affecting or resulting from the supply of gas.

9.3 PREARRANGED INTERRUPTION OF SERVICE

Whenever it is necessary to interrupt service for work on mains or other equipment, such work shall be done, as far as practicable, at a time that will cause the least inconvenience to the Customer. The Customer(s) to be affected by such interruption shall, if practicable, be notified in advance.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION X - CUSTOMER'S USE OF SERVICE

10.1 PRECAUTIONS TO BE TAKEN BY CUSTOMER

The responsibility of detection of defects and leaks on the Customer's premises is upon the Customer; defects among other things, shall mean failure or deficiency of gas, irregular supply, leakage and excessive pressure. In case of detection of a leak within his premises, the Customer should immediately extinguish all flames, or fires within the premises, open all doors and windows to permit the escape of gas, avoid the use of any electrical switches, and at once notify the Company by telephone or messenger, so that the conditions existing may receive prompt and proper attention. When gas has been shut off because of a leak in the house lines or fixtures or other hazardous conditions of service, it shall not be turned on again until such leak or other hazardous conditions have been repaired and made safe either by a competent plumber or gas fitter. In the event of failure or deficiency of gas or excessive pressure, the Customer shall notify the Company and be governed by instructions or assistance received from the Company.

10.2 PRUDENT USES OF GAS

A Customer should always make prudent use of gas.

Upon notice by the Customer, the Company will investigate reports of suspected gas leakage and improper functioning of gas appliances.

In the event that gas passes through the meter as a result of the Customer's negligence or malfunctioning of the Customer's piping or appliances, no credit will be issued, unless such use is a result of fault or neglect of agents of the Company.

10.3 SALES OF GAS BY CUSTOMER

The Customer shall not directly or indirectly sell, sublet, assign or otherwise dispose of the gas or any part thereof. Purchase of gas for use by tenants located on the Customer's property, when the cost to the tenant of such gas is included in the normal rental charge for occupancy of the premises, shall not be considered as resale.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION X
(Continued)**

10.4 SERVICE TO CUSTOMER'S APPLIANCES

The Company shall investigate complaints of gas leaks or odors at any time without charge. The Company shall have the right, but shall not be obliged, to inspect any installation before Gas is introduced or at any later time, and reserves the right to reject any piping or appliances not in accordance with the Company's standard requirements, or with any national and local code requirements; but such inspection, or failure to inspect, or to reject, shall not render the Company liable or responsible for any loss or damage, resulting from defects in the Customer's installation, piping or appliances, or from violation of Company rules, or from accidents which may occur upon the premises of the Customer.

10.5 FLUCTUATIONS

Gas service must not be used in such a manner as to cause unusual fluctuations or disturbances in the Company's supply system, and in the case of a violation of this rule, the Company may discontinue service, or require the Customer to modify his installation and/or equip it with approved controlling devices.

10.6 LIABILITY FOR DAMAGES

The Company shall not be liable for any injury to persons or damage to property arising or occurring in any manner whatsoever from the misuse of gas.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XI - MEASUREMENT

11.1 DEFINITION OF A CUBIC FOOT

a. Low Pressure Sales - Standard delivery to the Customer is at low pressure, and for those meters not having temperature correcting devices which correct to a temperature of 60 degrees Fahrenheit, a cubic foot of gas shall be that amount of gas which occupies a volume of one cubic foot at the time metered and under the conditions existing at the Customer's meter.

b. Other Than Low Pressure Sales As Under (a) Above - When at the discretion of the Company, gas is supplied at higher than standard delivery pressure, measurement may be by a meter equipped with a base pressure corrector and the metering is continuously, automatically, and uniformly corrected from the absolute delivery pressure (14.73 atmospheric pressure) in pounds per square inch, to a pressure base of 14.95 lbs. per square inch, at the temperature existing at the meter. Meters may be equipped with a base pressure and temperature corrector and the metering is continuously, automatically and uniformly corrected from the absolute delivery pressure of 14.73 absolute pressure in pounds per square inch to a pressure base of 14.95 lbs. per square inch, and to a temperature of 60 degrees Fahrenheit.

11.2 MEASUREMENT OF GAS

Except as herein otherwise provided, the measurement of gas service shall be by meters furnished and installed by the Company. The Company will furnish each Customer with a meter of such size and type as the Company may determine will adequately serve the Customer's service requirements, and may from time to time, change or alter the equipment to provide for accurate measurement.

Each meter shall be calibrated to serve gas within the tolerance as specified by the Delaware Public Service Commission. Registration shall be in cubic feet or multiples thereof depending on service classification.

If any correction factor is applied to any meter, this factor shall be marked on such meter.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XI MEASUREMENT
(Continued)**

11.2 MEASUREMENT OF GAS (Continued)

The Company shall install, at Company's expense, a remote reading device on all Customer's served under the LVH, HLFS or Interruptible Transportation Service Rate Schedules with annual consumption of at least 100,000 Ccf annually. All remote reading devices shall be owned, installed and maintained by the Company. When requested by a Customer below the annual consumption level above, and approved by the Company, a remote reading device may be installed at a cost payable by the Customer. In all cases the Customer shall, at Customer's expense, provide and maintain electrical power and telephone service to the remote reading device location.

A periodic verification reading shall be taken on the meter and the remote reading device. The Company shall notify the Customer when the periodic verification is required. The Company shall determine the frequency of such verification based on the technical characteristics of the installed equipment and its in-service performance.

In cases of a measurement dispute related to the remote reading device, the Company's meter may be used as the final determinant in measuring consumption.

11.3 METERS NOT AVAILABLE

In cases where meters are not available due to circumstances beyond the control of the Company, and the necessity for rendering gas service to the Customer is urgent, the Company may, after proper authorization by the Commission and by written agreement with the Customer, commence service and render bills temporarily on the basis of estimated gas consumption.

11.4 METER READING INTERVALS

The Company will endeavor to make its regular meter reading and/or estimated meter reading as nearly as reasonably possible at scheduled monthly intervals.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XI MEASUREMENT
(Continued)**

11.5 ESTIMATED USAGE

The Company may render estimated bills when (1) no meter is installed, as provided above, or (2) when a meter is installed but the scheduled meter reading cannot be obtained due to the inability of the Company's agent or representative to gain access to the meter location at the time scheduled, or (3) in case any meter or measuring device for any reason fails to register for any period of time the full consumption by a Customer, (See Meter Tests - 12), or (4) the Company is unable to obtain a meter reading for causes beyond its control.

Estimated readings shall be based upon prior consumption at the particular location for a similar period of time and may be adjusted for current conditions. The Customer shall be obligated to pay the bill based on the estimated consumption as though the same was based on an actual meter reading, and failure to so pay shall subject the Customer and his service to the penalties herein provided. Bills based on estimated readings shall be subject to adjustment for any unusual circumstances found to have affected the quantity of gas used, or for obvious errors in estimates, which adjustments shall be made not later than the next subsequent bill rendered the Customer, or that period of time when an actual reading can be obtained.

The Company will cooperate with the Customer to schedule meter readings; however, in those instances where the Company's agent or representative is unable to gain access to the Customer's premises, during the regular scheduled working hours, to obtain a meter reading, the number of estimated readings shall be limited to three consecutive months, and the Customer's service thereafter, is subject to discontinuance.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XII - METER TESTS

12.1 METER TESTS

All meters shall be tested periodically by the Company in compliance with the Rules of the Commission and at the Company's expense.

12.2 ACCURACY OF GAS METERS

When any test of a meter by the Company or by the Commission shows such meter to have an average error of more than 2 percent, and no meter tampering has occurred, the following provisions for the adjustment of bills shall be observed:

Fast Meters

Unless the date of the beginning of inaccuracy shall be known, it shall be assumed that the over-registration existed for a period of 3 years or a period equal to one-half of the time since the meter was last tested, whichever is less.

If the meter is found to be over-registering, the Company shall make a refund to the last Customer of record receiving service through the meter for the amount which shall have been charged in excess of that which would have been charged had the meter registered with 100 percent accuracy, provided the refund exceeds one dollar. The refund will be computed upon the assumption that the meter was registering 100 percent prior to the beginning of the period of inaccuracy or the period of adjustment defined in the preceding paragraph. The refund shall be for the period that the last Customer received service through the meter, but for not more than the periods referred to in this section.

Slow Meters

If the meter is found to under-register, or is slow, the Company may bill the Customer one-half of the unbilled undercharge for a period of twelve months, unless the meter has been tested within that twelve month period, in which event the Company may bill the Customer one-half of the unbilled undercharge for the period since the meter was last tested. If the amount of under-registration is less than \$5.00, the bill will not be adjusted. Installment payments will be arranged equal to the number of months the account was billed in error in the event additional charges are due the Company, and the installment payments are due and payable in addition to the customers regular monthly natural gas service bill.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XII
(Continued)**

12.2 ACCURACY OF GAS METERS (Continued)

Non-Registering Meters

If the meter is found to be not registering, or is stopped, the Company may estimate, and bill the Customer the proper charge for the unregistered service by reference to the Customer's consumption during similar periods. Except in the case of tampering, theft, or unauthorized use, the estimate shall cover a period of not more than six months. Installment payments will be arranged equal to the number of months the account was billed in error in the event additional charges are due the Company, and the installment payments are due and payable in addition to the customers regular monthly natural gas service bill.

12.3 REQUEST TESTS

Upon request by a customer and at no charge the utility shall make a test of the accuracy of registration of the meter serving him, providing that such tests need not be made more frequently than once in 18 months.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XIII - PAYMENT TERMS

13.1 INITIAL RATE SCHEDULE ASSIGNMENT

Subsequent to receiving an application for Gas Delivery Service and prior to activating such service, the Company shall estimate the annual usage of Customer (based upon the connected gas consuming appliances or equipment) for the purpose of the initial assignment of a Rate Schedule. Where selection of the most favorable schedule is difficult to predetermine, the Company shall, at the request of the customer, assist the customer in selecting a Rate Schedule..

Subsequent to service activation, the customer shall be given reasonable opportunity to change to another Rate Schedule, but the Company shall not be required to make refunds for any previous billing under any Rate Schedules selected by the customer prior to the time of receipt of a written notice from the customer requesting to change to another Rate Schedule.

13.2 ESTABLISHMENT OF CUSTOMER CREDIT

The Company may require a prospective Customer to satisfactorily establish credit before gas Delivery Service will be initiated. Such establishment of credit shall not relieve the prospective Customer from complying with the Company's provisions herein for prompt payment of bills. Credit will be deemed so established, and no deposit required, if any one of the following criteria is satisfied:

- (a) Customer has been a Customer of the Company or other similar Delaware utility in the past two (2) years and;
 - (1) paid the final bill when due, and
 - (2) did not on more than two occasions during the last twelve consecutive months have a bill unpaid after a reasonable period of time after the due date, and
 - (3) did not have service discontinued for non-payment, and
 - (4) can provide the Company with a letter from the last utility substantiating a good payment history; or
- (b) Customer owns or is purchasing the residence for which the gas service is requested; or,
- (c) Customer can provide a guarantor satisfactory to the Company. This guarantee shall be in writing and must continue in full force and effect for one (1) year from installation date of the service or until Customer's credit is otherwise established, or
- (d) Non-residential Customer possesses and maintains an Experian Intelliscore of 60 or above, or

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XIII
(Continued)**

13.2 ESTABLISHMENT OF CUSTOMER CREDIT (Continued)

- (e) Non-residential Customer possesses and maintains at least an investment grade bond/long-term debt rating from either Standard and Poor's or Moody's. Comparable ratings may be considered from other nationally recognized rating organizations acceptable to the Company. In the event a Customer, whose annual gas consumption exceeds 100,000 Ccf, does not possess a debt rating or the rating is below investment grade, credit may be established, at the sole discretion of the Company, by the Customer's demonstration of adequate financial strength and stability. The Company may evaluate the Customer's creditworthiness by review of at least two (2) years audited financial statements, accompanied by the opinion of an independent certified public accountant or chartered accountants of recognized national or regional standing, and such other known or discovered factors relating to the Customer's creditworthiness.
- (f) Customers for which credit is established pursuant to this Section 13.2 are subject to periodic review by the Company to assure that no material changes adversely affecting the Customer's creditworthiness have occurred. In the event a material change has occurred, or Customer has paid its account with a check dishonored by a bank, the Company may request that credit be established by (i) cash deposit, or (ii) irrevocable letter of credit from a bank, or (iii) surety bond.
- (g) Notwithstanding anything stated herein to the contrary, a Security Deposit shall be required if the customer has been disconnected by the Company for non-payment within the nine (9) months prior to the customer's application for service.

When none of the above conditions are met or service has been discontinued (see Section 14.1-b) the customer shall make a deposit with the Company subject to the following:

- (a) Amount of Deposit required may not be more than two-twelfths of the estimated charges for the ensuing 12 months, nor less than five dollars (\$5.00). Residential deposits in excess of \$100.00 may be made with an initial deposit of \$100.00 with the remainder to be paid over the ensuing four-week period.
- (b) Interest on a deposit shall be 6 per cent per annum, except that no interest will be paid on deposits held less than 90 days. Interest will be paid at the time the deposit is returned. The deposit ceases to draw interest on the date service is terminated, or in the case of good credit, the date the deposit is processed for refund.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XIII
(Continued)**

13.2 ESTABLISHMENT OF CUSTOMER CREDIT (Continued)

- (c) Deposits will be refunded to residential customers following payment of 12 consecutive bills without arrears.
- (d) Refund of Deposit upon discontinuance of service will occur promptly and automatically for the deposit and accrued interest less the customer's final outstanding balance. A transfer of service from one premise to another within the service area may not be deemed a discontinuance of service.
- (e) At the option of the Company a deposit plus accrued interest may be refunded in whole or in part, at any time earlier than the times prescribed in this document.
- (f) Commercial deposits will be returned when, in the Company's judgement, such deposit is no longer required.

13.3 BILLING PERIOD

Rates are stated on a monthly basis and bills are rendered monthly following the supply of service based on meter readings to the nearest 100 or 1,000 cubic feet, depending on the applicable Rate Schedule, scheduled at approximate monthly intervals of 28 to 34 days.

An initial period of less than ten (10) days is included in the next month's billing. If the period is more than ten (10) days, a bill is rendered at the regular billing date. A final period, consisting of the number of days from the most recent meter reading to turn off, will be billed as one month.

13.4 PAYMENT PERIOD

Bills are due upon presentation. The rates are contingent upon prompt payment. The final date for payment will not fall on any Saturday, Sunday or holiday, and will be due within 10 days of their date of presentation. Failure to receive the bill will not excuse Customer from payment obligations.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XIII (Continued)

13.5 BUDGET PLAN

The Budget Plan is designed for customers under Rate Schedules RS-1, RS-2, and GS.. Seasonal heating bills are spread over the budget plan period with equal monthly payments. Customer's higher monthly bills during the heating season are distributed over a ten-month period.

If a RS-1, RS-2, or GS customer elects to use the budget plan, the estimated gas bills for the budget plan period will be totaled and divided by the respective number of months to produce the approximate budget payment, which will then be rounded off to the nearest \$1.00. Adjustments may be made by the Company for temperature and/or rate changes if necessary.

If a Customer has no past history of gas use, the Company will estimate the gas consumption and the projected billing amount for the budget plan period and divide by the respective number of months to produce the budget payments. The Company shall require the Customer to provide information on the number, type and size of all gas consuming appliances, along with information on the premises size and type to aid the Company in estimating gas consumption. The Company may adjust the budget payment, with the Customer receiving immediate notification of any adjustment.

To remain on the budget plan, a customer must pay the current budget payment by the due date each month and pay all balances due as they appear on the bill at the end of the budget plan period.

The Company will normally require that the Customer begin the budget plan in September of each year.

13.6 DISPUTED BILLS

Upon receipt of Customer's initial complaint prior to due date, the Company will extend to Customer an additional 5 days to allow for investigation and review of complaint. During time allotted for investigation and review of the complaint, the Company will not discontinue service or require customer to provide a security deposit. The final date when payment is due after settlement of complaint shall be 10 days.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XIII
(Continued)**

13.7 UNAUTHORIZED USE

The use of service obtained from the Company without authority may be terminated by the Company without notice. The use of service without notifying the Company and enabling it to read its meter, will render the user liable for any amount due for service supplied to the premises from the time of the last reading of the meter, immediately preceding his occupancy, as shown by the books of the Company.

13.8 RETURNED PAYMENT CHARGE

Payment for Services provided under this Tariff, Customer deposits, or other Tariff charges which are returned unpaid by the Customer's bank or other financial institution shall result in a charge included on Sheet No. 46 (Miscellaneous Customer Charges, and will be charged against the customer's account. Failure to pay the full amount of the bill including the Returned Payment Charge may result in a discontinuance of the Customer's service. After the second returned payment the Company reserves the right to notify the customer that an alternate payment method (other than a personal check or bank debit) will be required for payment of the Company's bill statements.

13.9 ADJUSTMENTS FOR INCORRECT BILLINGS

Incorrect billings resulting from clerical error or improper service classifications shall be corrected immediately upon discovery and correct billings rendered to the customer; however, in no case may additional charges due from the customer be collected for more than three (3) years prior to the month of discovery. In the event a customer is overcharged, the overbilling will be refunded to the date the error was made, not to exceed five (5) years, such refund shall be paid to the customer within sixty (60) days after the error is discovered. Installment payments will be arranged equal to the number of months the account was billed in error in the event additional charges are due the Company, and the installment payments are due and payable in addition to the customers regular monthly natural gas service bill.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XIV - DISCONNECTION BY THE COMPANY

14.1 DISCONNECTION BY THE COMPANY

The Company may discontinue service and remove its property without being liable to the Customer, or to tenants or occupants of the premises served, for any loss, cost, damage or expense occasioned by such refusal, discontinuance or removal, for any of the following reasons:

- (a) Customer's failure to comply with any of the provisions of the contract, or any applicable regulations of the Commission, or any of the Company's applicable rules or practices currently in effect.
- (b) Customer's non-payment of bill at present or former location. A written notice shall set forth the date service will be discontinued, which shall not be less than five days from the date of mailing of such notice.
- (c) Customer's failure to provide a deposit to insure payment of bills, when requested by the Company under the provisions of section 13.2.
- (d) After a reasonable request for access to its meter or meters is refused, or if access thereto is obstructed or hazardous.
- (e) Customer's failure to maintain his equipment in safe condition, in the judgment of the Company.
- (f) Customer's abuse, fraud, or tampering with the connections, meters or other equipment of the Company.
- (g) Customer's equipment or use thereof might injuriously affect the equipment of the Company, or the Company's service to other customers.

The notice provided for in this Section shall consist of five (5) days' written notice sent by first class prepaid mail deposited in a United States mailbox and addressed to the Customer at his last known mailing address appearing on the records of the Company.

The Company may discontinue service without notice for reasons (e), (f), or (g) above; but, except in emergency situations, in no event shall such termination occur between 12:00 noon on any Friday and 12:00 noon on the succeeding Monday. Should Friday be a legal, state or national holiday, the last preceding business day shall be substituted for Friday. Should Monday be a state or national, legal holiday, the next succeeding business day shall be substituted for Monday. Except in cases of safety or in emergency situations, in no event shall termination occur on a day when the temperature is 32 degrees Fahrenheit or below at 8:00am.

Issue Date: July 25, 2008

Effective Date: For Service Rendered on and after September 16, 2008

Authorization: Order No. 7441 dated September 16, 2008 in PSC Docket No. 352-08

RULES AND REGULATIONS

**SECTION XIV
(Continued)**

14.1 DISCONNECTION BY THE COMPANY (Continued)

The Company may discontinue service without prior notice if an invalid check is used to restore service or to satisfy a disconnect notice.

The Company will comply with the Commission rules regarding weather conditions or medical conditions for disconnections. Except in case of emergency situations, in no event shall such termination occur for non-payment if any occupant of any dwelling unit shall be so ill that the termination of such sale or service shall adversely affect his health or recovery, which has been so certified by a statement from any duly licensed physician of this State or any accredited Christian Science practitioner and received by any authorized agent of the Company, prior to the due date of the bill. The Company's medical waiver of discontinuance of service shall not extend beyond one hundred twenty (120) days unless the need for such extension is certified by a statement from any duly licensed physician of this State or any accredited Christian Science practitioner and received by an authorized agent of the Company.

14.2 SEASONAL RECONNECTION AND RECONNECTION CHARGES

Whenever a residential customer's gas is turned off or Customer's meter disconnected by the Company at the customer's request, and the account placed on inactive status, and such account is reactivated by the same customer no less than thirty (30) days and not more than one hundred eighty (180) days from the state of the disconnect, a Seasonal Reconnection Charge equal to the monthly Customer Charge in the Customer's applicable Rate Schedule for each month the account was inactive, plus the Reconnection Charge shall be paid. Such payment, along with other satisfactory arrangements for reconnection, shall be made with the Company for reconnection by the end of the next business day. Details of the charges are contained on Sheet No. 46 (Miscellaneous Customer Charges).

Whenever a customer's gas shall be turned off or his meter disconnected by reason of non-compliance with these Rules and Regulations or orders of the Public Service Commission of Delaware, a reconnection charge must be paid and other satisfactory arrangements made with the Company prior to 3 p.m. of a normal business day before the gas will be turned on again. Details of the charge are contained on Sheet No. 46 (Miscellaneous Customer Charges).

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

**SECTION XIV
(Continued)**

If the customer desires that the initial gas service connection or gas service reconnection following disconnection by the Company for any reason, be completed on the same day as the request is received by the Company or outside the Company's normal business hours, such After Hours Reconnection may be performed, subject to the availability of Company personnel. The After Hours Connection or Reconnection Charge must be paid. Details of the charges are contained on Sheet No. 46 (Miscellaneous Customer Charges).

Service interruptions may be avoided by paying the overdue amount prior to the past due date of the gas bill, or by paying the overdue amount plus a collection fee to the Company or an authorized agent of the Company. Details of the charge are contained on Sheet No. 46 (Miscellaneous Customer Charges).

14.3 NON-COMPLIANCE BY COMPANY

Failure on part of the Company to enforce any of its rights at any time shall not be deemed a waiver of any of its rights.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XV - TERMINATION OF SERVICE

15.1 TERMINATION BY COMPANY

The Company's obligation to serve a particular premise shall, at the option of the Company cease and terminate (1) in case the property served is vacated or a change of occupancy occurs; (2) in case of an assignment for the benefit of creditors; (3) in case of the illegal use of gas.

15.2 TERMINATION BY CUSTOMER

A Customer who intends to vacate a premise, discontinue the use of Gas, or terminate the liability to pay for gas delivered to the premises, shall give at least five (5) days' notice to the Company prior to the date of service termination. The Company shall take its final read of the terminating customer's meter, within normal business hours, on the date designated by the Customer as the termination date, but shall have no obligation to read the meter before the fifth day following receipt of the Customer's termination notice. If such notice is not given, the Customer shall be liable for Gas registered by the meter until the meter is read by the Company and the account terminated. Receipt of a notice to discontinue gas service from a Customer with a contract term of service shall not relieve such Customer from any minimum or guaranteed payment under such contract.

15.3 FINAL BILL

The Customer is liable for service taken after notice to terminate his service until the meter is read and gas shut off. The final bill for service is due and payable upon presentation.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RULES AND REGULATIONS

SECTION XVI - APPLICATION OF RATES

16.1 DEFINITION OF THE TERM "CUSTOMER"

For the purpose of applying rate schedules in this natural gas tariff, the term "customer" is defined as any individual, firm, or organization purchasing natural gas delivery service and gas sales service or transportation and balancing service in any one month at one location for one classification of service through one meter. Each individual customer shall be properly accounted for and identified in the Company's billing system through the combination of a Customer Account number and a Service Identification and Extension number. The schedule of rates is based on delivering and billing service to the end user for retail service only and does not permit resale or redistribution, unless otherwise specified in the tariff.

A "month" does not refer to a calendar month, but shall mean the period between any two scheduled consecutive readings of the meters by the Company.

In those cases where, at the Company's election, two or more meters are installed at a single metering location on the same premises for the same customer for the same class of service, the amount of gas supplied through all such meters will be combined in arriving at the total charge, and the customer charge will be the same as though one meter was installed.

Where a single commercial, industrial, or institutional customer occupies more than one unit of space in the conduct of the same business, each separate unit will be metered separately and considered a distinct customer, unless the customer makes the necessary provisions to permit metering of all gas used for each class of service in the various units at a single metering location. This rule shall apply only where the units are located on contiguous property with no intervening public property or private property controlled by others. Only one service connection will be provided for each class of service furnished, and the metering location shall be as close as possible to the point of service entrance.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "RS - 1"

RESIDENTIAL SERVICE - 1

AVAILABILITY

This rate schedule is available to any individually metered customer using gas in a residential dwelling or unit for space heating, cooking, water heating, or other domestic purpose with an annual consumption of 240 Ccf or less. The Company will annually review those customers receiving service under this rate schedule in order to determine the appropriate firm residential rate schedule should their annual consumption warrant such a change. This annual review process will be based on the twelve months ended August. Customers will not be shifted between rate schedules due to changes in annual consumption other than at the annual review time.

DELIVERY SERVICE RATES

The following rates for delivering gas to the customer's location apply to all customers served under this rate schedule.

Customer Charge:	\$10.50 per month
First 20 Ccf	\$0.607 per Ccf
Next 30 Ccf	\$0.280 per Ccf
Over 50 Ccf	\$0.170 per Ccf

GAS SALES SERVICE

In addition to the above Delivery Service rates, customers served under this rate schedule are subject to the gas cost rate applicable to Rate Schedule "RS-1" provided on Sheet No. 42.

PAYMENT TERMS

Bills are due within ten (10) days of their date.

MINIMUM BILL

The minimum monthly bill under this rate schedule is the customer charge.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "RS - 1"

**RESIDENTIAL SERVICE – 1
(Continued)**

SPECIAL TERMS AND CONDITIONS OF SERVICE

- (1) Service under this rate schedule is subject to the standard terms and conditions of service as in effect from time to time under authority of the Public Service Commission of Delaware. It is also subject to the limitations stated under the "Availability" clause above.
- (2) Natural gas purchased hereunder is for the use of the customer in one location only and is not to be shared or sold to others.
- (3) In addition to the above Delivery Service rates, customers served under this rate schedule may be subject to one or more riders containing additional charges applicable to the service received, such as ER and any applicable franchise fees.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "RS - 2"

RESIDENTIAL SERVICE – 2

AVAILABILITY

This rate schedule is available to any individually metered customer using gas in a residential dwelling or unit for space heating, cooking, water heating, or other domestic purpose with annual consumption of greater than 240 Ccf. The Company will annually review those customers receiving service under this rate schedule in order to determine the appropriate firm residential rate schedule should their annual consumption warrant such a change. A Customer on RS-1 Service will be moved to this rate schedule with annual consumption equal to or greater than 264 Ccf. A Customer on this rate schedule will be moved to RS-1 Service with annual consumption less than 216 Ccf. This annual review process will be based on the twelve months ended August. Customers will not be shifted between rate schedules due to changes in annual consumption other than at the annual review time.

DELIVERY SERVICE RATES

The following rates for delivering gas to the customer's location apply to all customers served under this rate schedule.

Customer Charge:	\$13.00 per month
First 20 Ccf	\$0.578 per Ccf
Next 30 Ccf	\$0.319 per Ccf
Over 50 Ccf	\$0.132 per Ccf

GAS SALES SERVICE

In addition to the above Delivery Service rates, customers served under this rate schedule are subject to the gas cost rate applicable to Rate Schedule "RS-2" provided on Sheet No. 42.

PAYMENT TERMS

Bills are due within ten (10) days of their date.

RATE SCHEDULE "HLFS"

HIGH LOAD FACTOR SERVICE

AVAILABILITY

This rate schedule is available to any customer using gas for commercial and/or industrial purposes that would otherwise qualify for Medium Volume Service or Large Volume Service and with winter months' consumption, defined as the months of January through March, being less than thirty-five percent (35%) of their annual consumption. In addition, the customer must use natural gas in at least eleven of the twelve months under review and usage must be fairly evenly distributed throughout the review period. The Company will annually review those Customers receiving service under this rate schedule in order to determine the appropriate firm commercial and/or industrial rate schedule should their annual consumption or winter months consumption warrant such a change. A Customer will remain on this rate schedule as long as winter months' consumption is less than thirty-seven percent (37%) of their annual consumption and the Customer qualifies for Medium Volume Service or Large Volume Service. The annual review process will be based on the twelve months ended August. Customers will not be shifted between rate schedules due to changes in annual consumption or winter months' consumption other than after the annual review.

DELIVERY SERVICE RATES

The following rates for delivering gas to the customer's location apply to all customers served under this rate schedule.

Customer Charge:	\$75.000	per month
All gas consumed	\$0.087	per Ccf

RATE SCHEDULE "NGV"

NATURAL GAS VEHICLE SERVICE

AVAILABILITY

This rate schedule is available to any customer operating a motor vehicle that is capable of using compressed natural gas ("CNG") as a fuel if the equipment installed on the vehicle meets industry recognized standards and if the operator is authorized by the Company to fuel a motor vehicle with the CNG as the result of completing the Company's training program or a program determined by the Company, in its sole discretion, to be an equivalent training program.

This gas service will be available at Chesapeake Utilities Corporation, 350 South Queen Street, Dover, Delaware 19904. Service hereunder is subject to availability of the Company's gas supply, adequate distribution system capabilities and other resources available to and as determined by the Company.

This gas service is subject to interruption, at the Company's option, at any time during the year without notice and for an indefinite period of time. The Company has no obligation whatsoever to make CNG available to any customer and may interrupt service at any time without notice.

TERM

Service under this contract will terminate, with 90 days notice, at the discretion of the Company or the Commission. This notice shall be given by registered letter.

COMMODITY CHARGE (Posted Price)

The price per Ccf of CNG will be posted at the CNG Station on the first day of each month and will be set at the Ccf-equivalent price of a gallon of unleaded regular gasoline at self-service pumps as published by the Energy Information Administration, plus any applicable tax imposed by any governmental entity on natural gas sales or CNG sales.

The price charged to any customer will be reduced from the posted price to the extent the posted price includes a tax or taxes imposed by any governmental entity on natural gas sales or CNG sales and the customer is exempt from such tax or taxes.

If the customer is exempt from federal or state taxes imposed with respect to sales of gasoline for motor vehicle use, the price charged to the customer will be reduced from the posted price by the Ccf-equivalent of the tax or taxes on gasoline from which the customer is exempt.

In no event will CNG be sold if the price as determines above is below the price level established for Company-Use Gas.

NEGOTIATED CONTRACT RATE

AVAILABILITY

This negotiated contract tariff provision enables the Company to respond to Customers competitive options in the energy services market. The Company shall use this negotiated contract tariff to compete with alternate pricing situations resulting from but not limited to fuel switching, facility relocation or expansion, partial or complete plant production shifting, potential physical bypass, or other options available to the Customer. The Company shall use the provisions of this tariff only after a determination by the Company and the Customer that other existing tariff options will not meet the Customer's needs.

ELIGIBILITY

This contract tariff is available to any qualifying Customer as specified herein. Customer qualification shall be based upon meeting each of the following criteria as determined solely by the Company:

- (1) The Customer has an economic competitive alternative to full or partial service from the Company's standard tariff rates, as determined by the Company;
- (2) The Customer is likely to select said alternative if the Company does not provide a negotiated contract rate; and
- (3) The price to the Customer will provide net revenues above the incremental costs to provide service under this negotiated contract rate.
- (4) The Customer desires fixed pricing for a term of one year or more which requires a gas supply tailored to the specified term and pricing conditions.

The Company shall determine eligibility on a case-by-case basis based upon information supplied by the Customer and in accordance with the Company's internal pricing guidelines. The Company's decision on the application shall consider the economics of the competitive alternative, as well as the practical aspects of securing that alternative (e.g., ability to secure environmental permitting, feasibility studies, switching ability, ability to secure required capital).

Issue Date: April 28, 2010

Effective Date: For Bills Rendered on and after June 1, 2010

Authorization: Order No. 7781 dated June 1, 2010 in PSC Docket No. 10-159

RATE SCHEDULE "NCR"

**NEGOTIATED CONTRACT RATE
(Continued)**

SERVICE OPTIONS

If the Company concludes that the Customer meets all the eligibility requirements listed above, the Company shall enter into negotiations with the Customer for the purpose of offering such services as are believed to meet the Customer's requirements. Competitive offers may be made in a manner which provides the Customer with numerous choices for service. A menu of service options differentiated by contract term, quantity, pricing options, and service attributes may be made available to the qualifying Customer.

RATE

Pricing for delivery service only, a combination of delivery service and gas supply, and balancing service shall be determined on a case-by-case basis according to the nature of the competitive situation. The final arrangements between the Company and the Customer shall be included in the Contract.

PUBLIC UTILITIES TAX

All rates and charges under this rate schedule, including gas cost if applicable, are subject to the Delaware Public Utilities Tax unless the Customer is exempt from such tax.

CONTRACT TERM

The contract term shall be specified in a contract between the Customer and the Company. The minimum term of any contract will be one year and the maximum term will be five years.

SPECIAL TERMS AND PROVISIONS

- (1) Upon agreement on service options, the Customer and the Company shall enter into a contract which specifies the services and the terms and conditions of providing the services. The Customer must sign the Contract prior to commencement of this service and any investment by the Company. Service under the contractual agreement will commence on the date specified in the contract.

Issue Date: April 28, 2010

Effective Date: For Bills Rendered on and after June 1, 2010

Authorization: Order No. 7781 dated June 1, 2010 in PSC Docket No. 10-159

RATE SCHEDULE "NCR"

**NEGOTIATED CONTRACT RATE
(Continued)**

SPECIAL TERMS AND PROVISIONS (Continued)

(2) The contract shall be considered a confidential document between the Company and Customer. By signing the contract, the Customer and the Company agree not to share the contract or information contained within the contract with anyone except the parties to the contract, the Delaware Public Service Commission and the Office of the Public Advocate, unless given written consent from the other party. Violations by the Customer of the confidentiality agreement shall permit the Company to immediately terminate the contract with the Customer and serve the Customer under another rate schedule for which the Customer qualifies. The Customer shall also be responsible for the penalty provision described below and additional damages or prejudices to any other existing or potential contracts resulting from the breach of confidentiality.

- (3) The contract between the Company and the Customer shall include penalty provisions for early contract cancellation. If at any time prior to the end of the contract term the Customer elects to terminate the contractual agreement with the Company without exercising a re-contracting option for continuing service, the Customer shall be obligated to the terms for cancellation as specified within the contract.
- (4) The Company may offer value-added services in conjunction with the contract. All service attributes agreed to between the Company and the Customer shall be included in the contract.
- (5) The Company shall file all required information with the Delaware Public Service Commission within 30 days of the executed Contract.

Issue Date: April 28, 2010

Effective Date: For Bills Rendered on and after June 1, 2010

Authorization: Order No. 7781 dated June 1, 2010 in PSC Docket No. 10-159

RATE SCHEDULE "ITS"

INTERRUPTIBLE TRANSPORTATION SERVICE

AVAILABILITY

This rate schedule is available to any non-residential customer with annual consumption of at least 100,000 Ccf with facilities in operating condition capable of utilizing an alternative fuel due to the fact gas service provided is subject to complete interruption at any time during the year at the Company's option. The definition of an alternative fuel under this rate schedule shall be propane, fuel oil, or electricity. When applying for service under this Rate Schedule, the Customer is required to provide the Company, in writing, with the type and specific grade of alternative fuel utilized by the Customer. The Customer shall submit, within 30 days of any change in operations, written notification when such change affects its alternate fuel capability. Customer must also purchase all of its gas from or through a supplier of natural gas

DELIVERY SERVICE RATE

Customer charge: \$935.00 per month

The rate per Ccf of consumption shall be determined on an individual customer basis according to the nature of the interruptible service to be provided. This rate can be adjusted upon one (1) days notice to the Customer.

TRANSPORTATION AND BALANCING SERVICE

Customers must have the natural gas delivered to the Company's city gate in accordance with the Transportation and Balancing Rider General Terms and Conditions provided on Sheet No. 43. In addition to the above Delivery Service rate, the Customer is subject to the following Interruptible Balancing Service rate applied to all gas consumption.

Interruptible Balancing Service Rate: \$.001 per Ccf of gas consumed

Issue Date: September 1, 2010
Effective Date: For Service Rendered on and after November 1, 2010
Authorization: Order No. 7974 in PSC Docket No. 10-296F dated June 7, 2011

RATE SCHEDULE "ITS"

**INTERRUPTIBLE TRANSPORTATION SERVICE
(Continued)**

PUBLIC UTILITIES TAX

The Delivery Service, Interruptible Balancing Service, and any other applicable rates or charges are subject to the Delaware Public Utilities Tax unless the customer is exempt from such tax.

PAYMENT TERMS

Bills are due within ten (10) days of their date.

MINIMUM BILL

The minimum monthly bill under this rate schedule is the customer charge.

CONTRACT TERMS

The contract term shall be specified in a contract between the Customer and the Company. The minimum term of any contract will be one year.

SERVICE INTERRUPTION

The Company will endeavor to provide as much notice as possible to Customers prior to any interruption of curtailment of gas delivery service. Customer agrees to accept complete interruption of service upon at least four (4) hours advance notice from any hour of the day. If the Customer fails to interrupt service, the Customer shall pay a penalty rate of \$5 per Ccf in addition to the currently effective rate. The Penalty Rate, which shall be credited to firm customers through the GSR mechanism, shall remain in effect until such time as the Company, in its sole discretion, determines that normal service can be restored. The Customer agrees to hold the Company harmless from any loss, cost or damage occasioned by the interruption of service resulting from the Company's enforcement of this provision. In the event the Customer has an emergency that would cause the Customer great hardship if gas service is interrupted, the Company may, at its sole discretion based on available gas supply, waive interruption for a specified period of time. If the Customer fails to interrupt by the end of the specified period, the Customer shall pay the penalty shown above.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "ITS"

**INTERRUPTIBLE TRANSPORTATION SERVICE
(Continued)**

SPECIAL TERMS AND CONDITIONS OF SERVICE

- (1) Service under this rate schedule is subject to the standard terms and conditions of service as in effect from time to time under authority of the Public Service Commission of Delaware. It is also subject to the limitations stated under the "Availability" clause above.
- (2) Service purchased hereunder is for the use of the Customer in one location only and is not to be shared or sold to others.
- (3) Service hereunder will be interrupted at the sole discretion of the Company.
- (4) Service hereunder will not be supplied from the Company's peaking facilities unless the Company waives the interruption of service due to an emergency.
- (5) In addition to the above Delivery Service rates, customers served under this rate schedule may be subject to one or more riders containing additional charges applicable to the service received, such as ER and any applicable franchise fees.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "IBE"

INTERRUPTIBLE BEST EFFORTS SALES SERVICE

AVAILABILITY

This rate schedule is available to any commercial or industrial transportation customer or supplier for use as an interruptible gas supply for deliveries to or upstream of the distribution system or to any entity for off-system deliveries to replace third-party gas for any reason or to serve incremental loads. This service is available only on a best efforts basis subject to the ability of the Company to obtain gas supply and subject to interruption for any reason determined by the Company. Service under this rate schedule must be scheduled no later than 7:00 a.m. of the day before service is to begin. Transportation Customers that have a third-party supply interrupted will be subject to any applicable penalties that accrue before this service is scheduled.

DELIVERY SERVICE RATE

The rate for delivering gas to the Customer's location through the Company's distribution system will be at the Delivery Service rate set forth in the rate schedule under which the Customer normally receives service.

GAS SERVICE RATE

The gas rate for natural gas service shall be a negotiated, market-based rate. Any margins received under this rate shall be credited 80% to the firm customers through the GSR mechanism with 20% being retained by the Company.

PUBLIC UTILITIES TAX

The Delivery Service, Gas Sales Service, and any other applicable rates or charges are subject to the Delaware Public Utilities Tax unless the customer is exempt from such tax.

PAYMENT TERMS

Bills are due within ten (10) days of their date.

CONTRACT TERMS

The contract term shall be specified in a contract between the Customer and the Company. The minimum term of any contract is one day.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "IBE"

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "GSR"

GAS SALES SERVICE RATES

FIRM SALES RATE SCHEDULES

The Gas Sales Service Rates applicable to the respective firm rate schedule, as listed below, will be applied to all customers served on that schedule based on a volumetric charge per Ccf (100 cubic feet). The Gas Sales Service Rates only apply to the respective firm rate schedules listed below and do not apply to the Interruptible Transportation Service, Transportation Service, Negotiated Contract Rate, and Interruptible Best Efforts Sales Service. The Gas Sales Service Rates will be calculated to the nearest tenth of a cent (.1¢).

The following lists the applicable Gas Sales Service Rates for the respective firm rate schedules as defined in this tariff:

<u>RATE SCHEDULE</u>	<u>GAS SALES SERVICE RATES</u>
RS, GS, MVS, LVS	\$0.997 per Ccf
HLFS	\$0.817 per Ccf
GLR and GLO	\$0.519 per Ccf

These rates are subject to change based on actual and estimated gas costs. The Company will file with the Commission a copy of these Gas Sales Service Rates at least sixty (60) days prior to the regularly scheduled adjustment date, which shall be each November 1.

The November 1 rates will be based on a projected twelve-month period of November through October (projected period). The rates computed under this rate schedule shall remain in effect for the projected period provided the latest estimated over collection does not exceed 4½% or the latest estimated under collection does not exceed 6% of the actual firm gas costs incurred to date along with the Company's latest firm gas cost estimates for the remainder of the over/under collection period (over/under period). The twelve-month period used for the calculation of the over/under period will be based on the actual nine months ended July 31 of each year and the projected three months ended October 31 of each year. If it appears that the use of these rates for the twelve-month over/under period will result in an over or under collection exceeding these limits, the Company shall apply to the Commission for revised rates to be effective until the next annual adjustment in the rates.

Issue Date: September 21, 2012

Effective Date: For Service Rendered on and after November 1, 2012 – Temporary Basis

Authorization: Order No. 8227 in PSC Docket 12-450F dated October 9, 2012

RATE SCHEDULE "GSR"

**GAS SALES SERVICE RATES
(Continued)**

OVERALL METHODOLOGY

The overall projected firm gas costs for the twelve-month projected period shall include:

- (1) Natural gas purchased from any supplier; plus
- (2) Liquefied petroleum gas (LPG); plus
- (3) Liquefied natural gas (LNG); plus
- (4) Other hydrocarbons distributed to customers or used as feedstock for production of substitute natural gas (SNG); plus
- (5) Storage, transportation, and any other gas related costs; plus
- (6) Charges paid to the Company's suppliers for past periods unless disallowed by Delaware Public Service Commission; less
- (7) The projected commodity gas costs for Interruptible Service; less
- (8) The demand and commodity gas costs for Negotiated Contract Rate customers who are not charged the gas sales service rate associated with a firm rate schedule; less
- (9) The commodity gas costs for Interruptible Best Efforts Sales Service; less
- (10) All demand and commodity supplier refunds received from the Company's suppliers; less
- (11) The firm sales customers receipt of 100 % of the firm and interruptible transportation balancing service margins which will be a demand related gas cost; less or plus
- (12) The over or under collection for the prior over/under period of the actual nine months ended July 31 and the projected three months ended October 31. Interest will be calculated on the actual monthly over or under collection balances net of deferred income taxes at the rate of 1/12th the annual refund interest rate issued by the Federal Energy Regulatory Commission on a quarterly basis; less or plus
- (13) Any other applicable gas cost adjustments.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "GSR"

**GAS SALES SERVICE RATES
(Continued)**

OVERALL METHODOLOGY (Continued)

A Demand Rate will be determined by dividing the total firm fixed cost components by the firm peak day capacity requirements. A Commodity Rate will be determined by dividing the total firm commodity cost components by total firm consumption for the respective determination period.

ALLOCATION TO RESPECTIVE FIRM RATE SCHEDULES

Rate Schedule HLFS - High Load Factor Service will be charged a single gas cost rate per Ccf based on the combination of a weighted average Demand and Commodity Rate developed on an overall fifty percent (50%) load factor for the customer class with the overall system weighted average gas cost rate. The purchased gas costs will be allocated to this Rate Schedule based on its annual consumption for the projected period.

Rate Schedule GLO, GLR - The Gas Lighting Services will be charged the weighted average Demand and Commodity Rates through a single gas cost rate per Ccf based on a 100% load factor. The purchased gas costs will be allocated to this Rate Schedule based on its annual consumption for the projected period.

Rate Schedule RS-1, RS-2, GS, MVS, LVS - These rate schedules will be assigned the remaining firm purchased gas costs after the firm purchased gas costs have been allocated to the above mentioned Rate Schedules less the portion of any shared margins resulting from capacity release, or off-system sales. These Rate Schedules will be charged a single gas cost rate per Ccf. This rate will reflect the sum of the projected demand and commodity costs for these classes divided by the sum of their annual consumption for the projected period.

MARGIN SHARING

Margins as used herein for off system sales means revenues less: (a) associated gas costs and (b) any applicable taxes based on gross receipts. Margins as used herein for capacity release means revenues less any applicable taxes based on gross receipts. As used in this tariff, the term "Shared Margins" means off system sales margins, and upstream capacity release margins.

Issue Date: September 21, 2012

Effective Date: For Service Rendered on and after November 1, 2012 – Temporary Basis

Authorization: Order No. 8227 in PSC Docket 12-450F dated October 9, 2012

RATE SCHEDULE "GSR"

**GAS SALES SERVICE RATES
(Continued)**

MARGIN SHARING (Continued)

During the over/under period, the Company shall retain twenty percent (20%) and the firm customers, as described above, will receive eighty percent (80%) of all Shared Margins resulting from off-system sales. Additionally, during the over/under period, the Company shall retain ten percent (10%) and the firm customers, as described above, will receive ninety percent (90%) of all Shared Margins resulting from upstream capacity release transactions.

UNACCOUNTED FOR GAS INCENTIVE MECHANISM

The Unaccounted For Gas Incentive Mechanism was originally approved by the Commission on an experimental basis for the following three consecutive twelve month ending periods: August 31, 1993, 1994 and 1995. The Commission reviewed the Incentive Mechanism and determined it should be continued beyond the initial three year period by Order No. 4189 in PSC Docket No. 95-206F.

DEFINITIONS

The terms utilized in the Unaccounted For Gas Incentive Mechanism shall have the following meanings:

1. Unaccounted For Gas shall be defined as the difference between total gas sales, billed and unbilled, and total gas send-out, exclusive of company use gas and pressure compensated gas volumes.
2. The Unaccounted For Gas Target (UFG-T) shall be 3.20 percent of total gas sendout or total gas requirements.
3. The Dead Band shall mean +/- 0.5% points around the 3.20% UFG-T. Unaccounted For Gas volumes which are within 2.70% to 3.70% of total gas sendout will be considered to be within the "dead band". Unaccounted For Gas volumes within the dead band will be regarded as meeting the objectives of this mechanism.

Issue Date: September 4, 2009

Effective Date: For Service Rendered on and after November 1, 2009 – Temporary Basis

Authorization: Order No. 7665 in PSC Docket No. 09-398F dated October 6, 2009

RATE SCHEDULE "GSR"

**GAS SALES SERVICE RATES
(Continued)**

PROCESS

The Company, as part of its annual Gas Sales Service Rate filing in September, will provide the actual Unaccounted For Gas volumes and total gas sendout for the preceding twelve month period, ended July 31, in order that the Unaccounted For Gas can be expressed as a percentage of total gas sendout. This percentage will be compared to the target percentage of 3.20% with a range of plus or minus one-half percent (+/-0.5%) by the Delaware Public Service Commission Staff. The Staff will review the actual Unaccounted For Gas volumes on an annual basis and review the Delaware Division's performance under this mechanism in the next base rate proceeding.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

TRANSPORTATION AND BALANCING RIDER

GENERAL TERMS AND CONDITIONS

1 GENERAL

- 1.1 Transportation service is available to commercial and industrial customers with one or more contiguous meters in a specific geographic location equal to, or greater than, 30,000 Ccf per year that choose to have their own gas transported through the Company's distribution system. Transportation service is made up of several components with associated charges. Components of transportation service include delivery of gas to the Customer's metering point, balancing the difference between the volume of gas supplied and the volume of gas actually consumed by the Customer on a daily basis, and resolving imbalances that exist at the end of a billing month. Customers utilizing transportation service will be billed for delivery service, balancing, and other charges applicable for the rate schedule under which they are served.
- 1.2 In order to be eligible to transport gas it is necessary for the Customer to contract with a supplier of natural gas. Firm Customers must have firm transportation to the Company's distribution system as well as a reliable gas supply. The Customer is required to notify the Company of the name of its supplier prior to the tenth (10th) of the month preceding the month for which transportation will commence.

2 DEFINITIONS

Customer: For the purposes of this rate schedule, Customer shall mean an individual Customer as defined in the Section XVI of this tariff or the aggregation of Customer accounts of one or more contiguous meters in a specific geographic location for the purpose of transporting their own gas through the Company's distribution system.

Daily Contract Quantity (DCQ): The amount of Customer-owned gas, as determined by the Company for each calendar month that is scheduled by the Customer to be delivered to the Company's distribution system each day of the month net of the shrinkage factor.

Decatherm (Dt) conversion to Mcf: Dt divided by the thermal factor equals Mcf.

Flowing Gas: Means gas flowing from a supplier through the pipeline system to the city gate and does not include gas taken out of storage.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

TRANSPORTATION AND BALANCING RIDER

GENERAL TERMS AND CONDITIONS

(Continued)

2 DEFINITIONS (continued)

Gas Day: The 24 consecutive hours beginning at nine o'clock (9:00) a.m. Central Clock Time.

Imbalance: Any difference between the amount supplied by the Customer and the volume consumed. Nominations are adjusted for thermal content and shrinkage to determine the volume supplied by the Customer.

Nomination: The volume of gas, including shrinkage that the Customer is having delivered on its behalf to a delivery point on the Company's system.

Shrinkage Factor: A percentage applied to nominated volumes for Company use, losses and unaccounted-for gas to determine the quantity actually delivered to the Customer. The shrinkage factor shall be determined annually and will be the five-year average.

Thermal Factor: The amount of BTU's in one Mcf of natural gas divided by one million. The thermal factor for converting between Dt and Mcf shall be 1.035 unless otherwise specified by the Company.

3 REQUEST FOR TRANSPORTATION SERVICE

Each prospective transportation Customer must submit a written application in a form acceptable to the Company. Service will be provided by the Company based on available capacity and the Customer delivering suitable gas into the Company's distribution system.

4 CONTRACT FOR SERVICE

A Service Agreement with a minimum term of one year must be executed by each applicant as a condition to receiving transportation service. The Service Agreement shall specify the date on which service is to begin, receipt and delivery points, the rate schedule(s) under which service is to be provided and other conditions of receipt by the Company and delivery to the Customer. Transportation of gas will not begin until a fully executed Service Agreement is completed.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

P.S.C. Del. No. 4

TRANSPORTATION AND BALANCING RIDER

GENERAL TERMS AND CONDITIONS

(Continued)

5 GAS TO BE TRANSPORTED BY THE COMPANY

The Customer is responsible for making all arrangements necessary for getting the gas to a delivery point on the Company's distribution system in compliance with pressure requirements established by the Company or any upstream pipeline for the delivery point. Gas received for one Customer will be commingled with the gas of other customers and suppliers. Gas transported by the Company shall be and remain the property of the Customer.

6 QUALITY OF GAS

Gas received by the Company for the account of the Customer shall be natural gas conforming to the quality specifications as provided for in the General Terms and Conditions of the tariff of the pipeline that is interconnected to the Company's distribution system. Any gas entering the Company's system at a receipt point that is not an interconnection with an interstate pipeline must also meet the "pipeline quality" standard set forth above.

7 TITLE TO GAS

The Customer must have good title to all the gas delivered to the Company for transportation free and clear of all liens, encumbrances, and claims whatsoever. The Customer agrees to indemnify and hold the Company harmless against any loss of cost incurred by the Company on account of liens, encumbrances or claims resulting from any possession or transportation by the Company.

8 LIABILITY

The Company shall not be liable for any loss to the Customer arising from or out of transportation service under any rate schedule, including loss of gas in the possession of the Company. The Company makes no guarantee against and assumes no liability for interruptions of service.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

TRANSPORTATION AND BALANCING RIDER

GENERAL TERMS AND CONDITIONS

(Continued)

9 METERING AND ASSOCIATED EQUIPMENT

Transportation service utilizing the DCQ for delivery of Customer-owned gas to the Company's distribution system is not expected to require any special metering or communication equipment in excess of what would be needed to provide regular delivery and standard gas sales service. However, there may be situations such as knowledge of daily usage by interruptible Transportation Customers that will require additional equipment. If any additional metering or communication equipment is required to provide transportation service, the Customer will reimburse the Company for such equipment and its installation. The Customer shall provide any electrical supply or phone line needed for the operation of the additional equipment. As referenced in section 11.2, remote reading will be utilized for customers with consumption greater than 100,000 annual Ccf.

10 AGENTS ACTING ON BEHALF OF THE CUSTOMER

A Customer using an agent, such as brokers, marketers, or producers, to act on behalf of the Customer for the delivery of gas to the Company's system must notify the Company in advance in writing the identity of the Agent and what responsibilities have been delegated to the Agent. Notification to the Company must clearly state Customer and/or Agent responsibilities for nominations, deliveries, and scheduling of gas. Any notices provided to a Customer's Agent shall be deemed to have been provided to the Customer and the Company shall be held harmless from any actions taken by the Agent.

11 COMPANY AS AGENT

The Company may act as agent for a Customer in securing gas supply, storage, transportation on transmission pipeline, or other services required to meet the Customer's needs. The Company shall not be responsible for charges incurred on behalf of the Customer, nor for the performance, non-performance or continued availability of any pipeline or other services. The charges for this service shall be determined by negotiation between the Company and the Customer.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

TRANSPORTATION AND BALANCING RIDER

**GENERAL TERMS AND CONDITIONS
(Continued)**

12 DETERMINATION OF DAILY CONTRACT QUANTITY

- 12.1 A Daily Contract Quantity (DCQ) for each calendar month shall be calculated annually by the Company for a twelve-month period based on usage during a previous twelve-month period, if available. Previous usage shall be adjusted for normal weather in a matter determined by the Company. The Company may adjust monthly DCQ's on an ongoing basis due to changes in a Customer's gas equipment, pattern of usage, or any other information supplied by the Customer. If previous usage is not available, the Company may estimate a DCQ for as many months as necessary based on information supplied by the Customer and/or inspection of utilization equipment. As soon as possible actual usage will be used to calculate the DCQ for future months. The Customer, or Customer's Agent, will be obligated to deliver the Customer's DCQ each day of the month to the agreed upon delivery point on the Company's distribution system.
- 12.2 The DCQ determined in 12.1 in Ccf will be grossed up for shrinkage and converted to Dt using the thermal factor. The result will be rounded to the nearest Dt which will be the customer's nomination quantity. This DCQ in Dt will then be reduced by the shrinkage factor and converted to Ccf using the thermal factor. The result will be the monthly DCQ expressed in Ccf.

13 NOMINATIONS AND SCHEDULING

- 13.1 The Company shall deliver a Customer's gas only upon receipt from the Customer, or Customer's Agent, a properly completed and executed nomination form specified by the Company. The nomination form shall, among other things, specify the nomination quantity required during the requested period measured in Mcf and the location at which the gas is to be delivered. A nomination form must be submitted at the time specified below for each calendar month that transportation service is desired.
- 13.2 The nomination given to the Company will be in Decatherms (Dt).

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

P.S.C. Del. No. 4

TRANSPORTATION AND BALANCING RIDER

GENERAL TERMS AND CONDITIONS
(Continued)

13 NOMINATIONS AND SCHEDULING (Continued)

- 13.3 Nominated quantities shall be reduced by the shrinkage factor and converted to Ccf to determine the quantity actually delivered to the Customer's meter, which must be equal to the Customer's DCQ in Ccf for the month.
- 13.4 Customers or their Agents shall provide the Company daily nominations for the calendar month by 9:00 a.m. on the sixth business day prior to the beginning of each month via mail or facsimile. If the nomination cannot be confirmed with the delivering pipeline(s) or other source(s), the nomination will be rejected.

14 FIRM BALANCING SERVICE

- 14.1 Balancing between the Customer's DCQ and the volume of gas consumed by the Customer is performed daily by the Company on a firm basis. Imbalances between the volume of gas supplied by the Customer and the volume of gas consumed by the Customer for a billing month will be cashed-out at the Company's weighted average cost at the city gate for flowing gas, including gas cost, variable transportation, and fuel for the calendar month in which most of the billing month occurs. Estimated costs will be used based on nominations made by the Company when the applicable calendar month is not completed before billing the Customer.
- 14.2 If the DCQ volume is not supplied by the Customer in any gas day, the Customer shall be billed a fee of \$30.00 per Dt for the difference between the DCQ nomination, which is in Dt, and the volume actually supplied by the Customer. Such penalty shall be paid by the Customer in addition to the cost of gas supply used to serve the customer.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

TRANSPORTATION AND BALANCING RIDER

GENERAL TERMS AND CONDITIONS
(Continued)

15 INTERRUPTIBLE BALANCING SERVICE

- 15.1 Balancing between the Customer's DCQ and the volume of gas consumed by the Customer is performed daily by the Company on an interruptible basis. Imbalances between the volume of gas supplied by the Customer and the volume of gas consumed by the Customer for a billing month will be cashed-out at the Company's weighted average cost at the city gate for flowing gas, including gas cost, transportation at the 100% load factor rate, and fuel for the calendar month in which most of the billing month occurs. Estimated costs will be used based on nominations made by the Company when the applicable calendar month is not completed before billing the Customer.
- 15.2 The Customer is expected to cease using gas if the Customer's supply is interrupted. When a supply interruption occurs the Customer must notify the Company immediately upon interruption and upon resumption of supply. During the interruption period the Customer's DCQ will be set to zero for purposes of calculating daily shortfalls and monthly imbalances. Using gas during a period of supply interruption will subject the Customer to the same penalty rate specified in the interruptible rate schedule for failure to interrupt service unless the Company is not interrupting customers and has gas supply available. In the later case, the fee specified in 15.3, below, will apply to gas used during the Customer's supply interruption unless the Customer schedules another service from the Company.
- 15.3 If the Customer, or the Customer's supplier, fails to supply the DCQ on any gas day the Customer shall be billed a fee of \$30.00 per Dt for the difference between the DCQ nomination, which is in Dt, and the volume actually supplied by the Customer. Such penalty is in addition to any cash-out price paid by the Customer for monthly imbalances.
- 15.4 On a daily basis, the Company, in its sole discretion, may limit Customer usage to the volume of Customer-owned gas that is delivered to the Company's distribution system.
- 15.5 Where the Company interrupts the Customer's transportation gas for distribution system reasons any monthly imbalance up to the total DCQ volumes delivered to the Company's distribution system during the period of interruption will be purchased by the Company at the Customer's cost or the otherwise effective cash-out price, whichever is greater.

Issue Date: September 2, 2008

16 OPERATIONAL FLOW ORDER

At any time that transportation gas results, in the sole judgement of the Company, adverse operating impacts of the Company's distribution system or its ability to serve firm Customers, the Company may refuse delivery of Customer's gas or require the Customer to adjust its nominations up or down. Operational Flow orders will be issued by the Company eight (8) hours in advance of implementation, unless exigent circumstances dictate a shorter notice period.

Issue Date: September 2, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "SUP"

GAS SUPPLIER REQUIREMENTS

AVAILABILITY

For Qualified gas suppliers that contract with a Customer to deliver the Customer's Daily Contract Quantity (DCQ) under the General Terms and Conditions for transportation and balancing. A supplier must submit an application to the Company to provide service to customers under this Schedule and satisfy the Company's credit requirements set forth below.

RESPONSIBILITY FOR GAS DELIVERY

The supplier shall make nominations and deliver, or arrange to have delivered, the Customer's DCQ in accordance with the Transportation and Balancing General Terms and Conditions. If the Supplier has more than one Customer, a nomination which is the sum for more than one Customer may be made on interstate pipelines but the amount for each Customer must be identified on the nomination to the Company. Failure to deliver the required amount of gas will make the Supplier subject to penalties as stated in the Transportation and Balancing General Terms and Conditions.

If the Supplier fails to pay any penalties, the Customer for whom the Supplier is delivering gas shall be responsible for payment.

CREDITWORTHINESS

To become a qualified supplier, the Supplier must demonstrate to the Company's satisfaction that it has met and continues to meet the credit worthiness criteria of at least one non-affiliated interstate pipeline that delivers natural gas to the Company's city gate or to an interstate pipeline that is connected to Eastern Shore Natural Gas. Upon notification by the Company that the Supplier no longer satisfies the credit criteria or has failed to timely pay any bill rendered under this schedule, the Supplier is disqualified until such time as satisfactory evidence is provided by the Supplier that the Supplier's overall financial condition again meets the Company's credit criteria or an acceptable credit enhancement, including but not limited to a cash deposit, letters of credit or surety bonds, is furnished to the Company.

TAXES

Any applicable taxes including, but not limited to, the Public Utilities Tax will be added to all charges.

PAYMENT TERMS

Bills are due within ten (10) days of their date.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "SUP"

**GAS SUPPLIER REQUIREMENTS
(Continued)**

LIABILITY LIMITS

The Company shall not be liable for any loss, cost, damage or expense occasioned by the calculation of the DCQ. The Supplier shall warrant that, at the time of delivery of gas to the customer, it will have good title to deliver all gas volumes. The Company shall have no liability with respect to all gas delivered prior to its physical delivery to the Company or after its redelivery to the Customer.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "ER"

ENVIRONMENTAL RIDER

PURPOSE

The purpose of this rider is to recover reasonable environmental costs associated with cleaning up former manufactured gas plants (MGP). Applicable environmental costs are those incurred as a result of, but not limited to, investigation, testing, monitoring, remediation (including remediation of the groundwater), land acquisition, and legal costs relating to former MGP sites, disposal sites, or sites to which material may have migrated as a result of the earlier operation and/or decommissioning of MGPs. Environmental costs expended will be offset by any payments related to these costs received by the Company from insurance proceeds or from another party. Environmental costs shall not include expenses incurred in connection with litigation by third parties claiming personal injury or by third parties claiming damage to their property as a result of the operation or decommissioning of MGPs or as a result of the migration of materials from MGP sites.

APPLICABILITY

The environmental rider will be applicable to all firm Delivery Service customers.

OPERATION OF THE RIDER

The Company will file with the Commission a copy of the environmental rider computation at least 30 days prior to the proposed effective date, which will be each December 1.

The calculation filed will be supported by all bills and receipts relating to the amount of any environmental costs incurred in the preceding Environmental Cost Year for which the Company seeks to begin recovery. In the same filing, the Company shall include similar material and information to support any expenses and/or recoveries resulting from Third Party claims. The Company shall also submit in its annual filing a projection of environmental costs for the following Environmental Cost Year based on the best information available at the time of filing.

RATE

The rate for the rider effective December 1, 2007 is (\$0.0053) per Ccf.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "ER"

**ENVIRONMENTAL RIDER
(Continued)**

DETERMINATION OF RATE

The rider shall be comprised of an amortization factor and a reconciliation factor as follows:

- (1) Amortization Factor: Recovery of net environmental costs incurred during an Environmental Cost Year will be accomplished through a five year amortization, offset by the tax benefit associated with those environmental costs as defined below. A net annual amortization amount will be calculated for each of the five years of amortization scheduled for the Environmental Cost Year. The amortization factor for any year will be comprised of the total net annual amount scheduled for that year.
- (2) Reconciliation Factor: The reconciliation factor shall be equal to the over/under collection of the environmental cost rider. Over/under collection is the accumulated experienced net over or under recovery of the environmental costs during the twelve-month period ending with the month of August immediately preceding the beginning of the next Recovery Year.
- (3) Rider Rate: The rider rate shall be equal to the sum of the amortization and reconciliation factors divided by projected firm sales over the next recovery period of December 1 through November 30. The rate shall be rounded to four decimal places per Ccf.

DEFINITIONS

- (1) Environmental Cost Year is the time period over which environmental costs are incurred and any payments from other parties are netted against the costs. For purposes of this rider, the Environmental Cost Year will be from October 1 through September 30. The Environmental Cost Year will include actual data recorded for the year. Recovery of environmental costs for an Environmental Cost Year will begin with the Recovery Year that starts immediately following the end of the Environmental Cost Year.
- (2) Recovery Year is each December 1 through November 30 and is the time period over which the annually calculated environmental rider rate will be billed to firm customers.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

RATE SCHEDULE "ER"

**ENVIRONMENTAL RIDER
(Continued)**

DEFINITIONS (Continued)

- (3) Tax benefit (TB) associated with environmental expenditures shall be calculated as follows:

$$Tbn = AECn * [5-x]/5 * .1306 * .39742$$

where:

AECn = Actual Environmental Costs incurred in Environmental Cost Year "n"

x = The number of years that the Actual Environmental Costs (AEC) incurred in Year "n" have been subject to amortization (x = 1, 2, 3, and 4)

.1306 = Before Tax Cost Rate

.39742 = Effective Combined Federal and State Income Tax Rate.

The Before Tax Cost Rate of .1306 and the Effective Combined Federal and State Income Tax Rate of .39742 are the rates at the time of implementation of this rider and are subject to change. Any change in the Before Tax Cost Rate will be implemented starting when the next Rider Rate is calculated for the next Recovery Year. Any change in the Effective Combined Federal and State Income Tax Rate will be implemented starting with the recovery calculation for next Environmental Cost Year that ends after the rate changes.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

MISCELLANEOUS CUSTOMER CHARGES

1 CONNECTION CHARGE

Each Applicant for gas service shall pay to the Company a Connection Charge of thirty-five dollars (\$35) before gas service is activated by the Company at the Customer's premises. Such Connection Charge shall not be collected from builders or other contractors activating gas service during the construction of a premise prior to occupation by the Company's customer of record.

2 RECONNECTION CHARGE

Whenever a Customer's gas is turned off at Customer's request, or Customer's meter disconnected by reason of non-compliance with these Rules and Regulations or orders of the Public Service Commission of Delaware, a Reconnection Charge of thirty five dollars (\$35) must be paid and other satisfactory arrangements made with the Company prior to 3 p.m. of a normal business day before the account is reactivated and gas service reconnected by the end of the next business day.

3 AFTER HOURS SERVICE CONNECTION OR RECONNECTION CHARGE

If the Customer desires that the initial gas service connection or gas service reconnection following disconnection by the Company for any reason, be completed on the same day as the request is received by Company or outside the Company's normal business hours, such After Hours Reconnection may be performed, subject to the availability of Company personnel. The After Hours Connection or Reconnection Charge shall be sixty dollars (\$60).

4 SEASONAL RECONNECTION CHARGE

Whenever a residential Customer's gas is turned off or Customer's meter disconnected by the Company at Customer's request and the account placed on inactive status, and such account is reactivated by the same Customer no less than thirty (30) days and no more than one hundred eighty (180) days from the date of the disconnect, a Seasonal Reconnection Charge equal to the monthly Customer Charge in the Customer's applicable Rate Schedule for each month the account was inactive, plus the Reconnection Charge provided in 2, shall be paid. Such payment, along with other satisfactory arrangements for reconnection, shall be made with the Company for reconnection the following normal business day.

Issue Date: September 2, 2008

Effective Date: For Bills Rendered on and after September 3, 2008

Authorization: Order No. 7434 dated September 2, 2008 in PSC Docket No. 07-186

MISCELLANEOUS CUSTOMER CHARGES (Continued)

5 FIELD COLLECTION CHARGE

Service interruptions may be avoided by paying the overdue amount prior to the past due date of the gas bill, or by paying the overdue amount plus a collection fee of seventeen dollars (\$17) to the Company or an authorized agent of the Company.

6 RETURNED PAYMENT CHARGE

Payment for Services provided under this Tariff, Customer deposits, or other Tariff charges which are returned unpaid by the Customer's bank or other financial institution shall result in an additional charge of twenty dollars (\$20) per occurrence, and will be charged against the Customer's account. Failure to pay the full amount of the bill including the Returned Payment Charge may result in discontinuance of the Customer's service. After the second returned payment the Company reserves the right to notify the Customer that an alternate payment method (other than a personal check or bank debit) will be required for payment of the Company's bill statements.

7 CHANGE OF ACCOUNT CHARGE

If the change of occupants in a premise with existing gas service occurs without a physical service disconnection, a Change of Account may occur. The Company shall bill to the Applicant a Change of Account Charge in the amount of seventeen dollars (\$17).

8 FAILED TRIP CHARGE

In the event a Customer, or other entity, requesting service from the Company that requires a field visit to a premise, fails to keep a scheduled appointment with the Company's employee at said premises to provide a service requested by the Customer, the Customer shall pay a Failed Trip Charge of thirty-five dollars (\$35).
