Chesapeake Utilities Corporation’s Environmental Rider Rate

Pursuant to the environmental remediation recovery mechanism approved in PSC Order No. 4104 (December 19, 1995) in PSC Docket No. 95-73, Chesapeake Utilities Corporation (“Chesapeake”) has filed an application (the “Application”) with the Commission proposing a decrease of the Environmental Rider (“ER”) surcharge of \$0.0012 per Ccf (\$0.00116 per Therm) to \$0.00077 per Ccf (\$0.00074 per Therm) for all firm delivery customers. The rate will be

effective with usage on and after December 1, 2025, with proration, subject to modification and refund after an evidentiary hearing.

For a typical residential heating customer using 120 Therms of gas per month, the proposed ER rate will decrease their total monthly bill by approximately 0.03%, or \$0.05.

By **Order No. 10875** dated November 19, 2025 the Commission approved the proposed rates to become effective with usage on and after December 1, 2025, with proration, subject to modification and refund after an evidentiary hearing.
